PRODUCTLIST MAGONAREZ S.L

WWW.MAGONAREZ.COM

Productname	Solids % +/-1%	pH	Viscosity* m.Pas	MFT ºC	Tg ºC	Properties
PF-018-AC	40	7,5 – 8,5	< 200	33	39	High performance, general purpose resin for clearcoats, with high transparancy and chemical resistance (DIN 68.861-1B). Excellent "Anfeuerung"
PF-034-AC	45	4,0 – 5,0	< 500	40	46	Resin for antibleed- and stainblocking clear- and pigmented coatings.
PF-036-AC	40	5,5 – 6,5	< 250	17	34	Resin for primers for quality wood e.g. Oak.
PF-091-AC	40	7,0 – 8.0	< 500	30	42	High performance chemical resistant binder for clear-and pigmented systems for furniture finishes. Topquality product . Excellent water-, chemical- and mechanical resistance properties. Excellent block and coldcheck properties.
PF-120-AC	40	7,0 – 8,0	< 300	33	40	High performance pure acrylc coplymer with excellent chemical resistance properties, especially designed for interior furniture- and woodcoatings.
PF-070--AC	40	7,0 – 8,0	< 500	ca. 7	N-A	Excellent durability, wetadhesion and wetblock Joinery binder with excellent hardness/flexibility ratio.
PF-108-AC	44	7,5 – 8,5	< 300	Ca. 5	N-A	Pure acrylic copolymer for interior- and exterior joinery applications. Highly flexible with excellent blockresistance, alkaliresistance Excellent wetadhesion and (early) waterresistance.
